

**Orland Cemetery District  
Beautification Project  
Cemetery Identification**

The District Manager is proposing a Beautification Project for the Orland Cemetery District that would include the installation of decorative posts with section identification signage throughout each of the District’s cemeteries. The purpose of this project is to enhance the overall appearance and aesthetic appeal of the cemeteries while also improving navigation for visitors.

The proposed signage would clearly identify cemetery sections, making it easier for individuals and families to locate the gravesites of their loved ones. In addition to providing a more welcoming and organized environment, the project is intended to improve the visitor experience and support the District’s ongoing commitment to maintaining respectful, accessible, and attractive cemetery grounds.

As the District prepares for its upcoming 100-year anniversary, this project would also serve as an important step in enhancing and modernizing the appearance of the cemeteries in recognition of this historic milestone. The beautification efforts would help showcase the pride and care the District has for its cemeteries and the community it serves

Funding for this project is already available in the 2025-2026 budget, Special Department Expenses, line item 03280.

**Estimated Costs:**

(20) Metal Posts:	\$7,361.00 -	Constructed locally.
(20) Signs:	\$1,394.25
